

All Saints' Church, Saxtead

A place of quiet beauty on the edge of the village

A place in Saxtead's history for over 900 years

Present building needs

Every five years Church buildings are inspected by an architect and our Church in Saxtead has been found to have the following needs:

- *Cracks at the east end,*
- *nave west wall*
- *south porch wall*
- *repairs to windows – stone mullion has come away completely*
- *Removing cement to Chancel north wall in order to solve damp*

The total cost of this is £15,500 ...

we get £2,700 returned by claiming the VAT back.
We have £5,000 in the fabric fund

WE NEED AT LEAST £7800 and possibly more for the unforeseen

A place for the future

The Church Council has had hopes for some years to begin again the vision of giving the building more use. It is lovely and historic a place of peace but this could remain and we could use it more easily by:

1. Introducing water into the Church
2. Re-ordering the West End of the Church to introduce sink and electricity points
3. Introducing some high quality cupboards for storage

These plans have not been developed as we needed to wait for the architect's inspection and see the costs of repairs. If we can do this and build up some reserves we might be able to consider this. Costs unknown but possibly around £15,000 as a grade 1 listed building need good quality.

***How can you help? Please see the enclosed leaflet
A place for the celebration of important events
in Saxtead's life and for Saxtead people***

The Queen's 90th Birthday

The children's pictures were later acknowledged by the Queen

Daisy's Baptism Sept 2018

Rosa and Jake's wedding Aug 2018

**Thank you, and please help in whatever way you can.
There will also be fund raising efforts at which help will
be needed:**
